COURSE CONTENT:

- Designed to present the core elements of a comprehensive, systematic, and multi-component crisis intervention curriculum, this course will prepare participants to understand various crisis intervention services for individuals and groups.
- Fundamentals of Critical Incident Stress Management (CISM) will be outlined, and participants will leave with the knowledge and tools to provide several group crisis interventions, specifically demobilizations, defusing, and Critical Incident Stress Debriefing (CISD).
- The need for appropriate Assessments, Follow-up services and Referrals, when necessary, will also be discussed during the course.

This course is designed for First Responders and Mental Health Professionals who assist First Responders and their families in dealing with job-related Stress and Trauma.
